The crème de la crème of club volleyball play in Doha LIVE and FREE on FIVB Web TV powered by LAOLA1.tv

One of the major club volleyball events of the year is upon us as 14 men and women's teams from across the globe meet up in Doha to fight for the title of Club World Champion 2012. Volleyball fans from around the world* will be able to enjoy the best of the action LIVE and FREE* on FIVB WEB TV powered by LAOLA1.tv with two LIVE matches per day between 13.10 – 19.10.2012.

The chances of Trentino Volley defending their title for a fourth year running are rather low as they enter the tournament as a wild card, and with teams like Zenit Kazan and PGE Skra Belchatow also in the competition it will be very difficult. There are six teams in the women's competition with last year's winners Rabita Baku the favourites once again despite being a wild card. Fenerbahce Universal Istanbul look likely to be their fiercest competitors, just like last year.

Will the two European teams be able to defend their title, or will we see a winner from another continent this time out? Find out with the best of the action LIVE and FREE* on FIVB Web TV powered by LAOLA1.tv as well as On Demand here: <http://fivb.laola1.tv>
